FOR IMMEDIATE RELEASE

LOCAL AUTOMOTIVE TECHNICIAN RECEIVES NATIONAL AWARD

Leesburg, VA., December 5, 2013 – David Ellingsen, an ASE Master automobile technician from Elkton, Maryland, was recently honored with a national achievement award as the Infiniti/ASE Master Automobile Technician of the Year. Forty-five automotive professionals were recognized on November 20, 2013, at the Fall Board of Governors meeting of the National Institute for Automotive Service Excellence (ASE) held at the Fairmont Hotel in Newport Beach, CA.

The ASE annual awards spotlight top scorers on the ASE Certification Tests from among the ranks of the more than 330,000 ASE-certified professionals nationwide. Bob McCann, Senior Manager Tech Training; Paul Mathias, Technical Training Manager, West; Rob Barto, Chairman of the ASE Board of Directors; and Timothy Zilke, ASE President & CEO, presented the award to Ellingsen.

"Dave is one of the outstanding ASE-certified professionals recognized annually by different segments of the automotive service and repair industry. Each of these elite technicians is presented with an industry-specific award recognizing their achievement," said Zilke.

Ellingsen is employed by Porter Infiniti of Newark, DE. He has been a technician for 30 years. "ASE has been honoring the best of the best in our industry for more than 40 years, and we are proud to once again recognize forty-five outstanding individuals from all across the nation," said Zilke. "This is all made possible by the support of our many award sponsors, whose ranks include some of the best-known names in the industry. We are proud to partner with Infiniti to recognize Dave's commitment to excellence in providing the very best in vehicle repair services to his extended community. This dedication is reflected in the talented professionals we recognize each year and Dave represents the best of the best."

Thirty-eight different companies from both OEM and Aftermarket segments sponsored the individual technician recognition awards in the Auto, Truck, Collision and Parts categories, along with three instructor awards. In addition to looking for top scores on ASE tests, award sponsors examine on-the-job excellence, community service and other factors when selecting honorees.

The National Institute for Automotive Service Excellence (ASE) was founded in 1972 as a non-profit, independent organization dedicated to improving the quality of automotive service and repair through voluntary testing and certification of automotive professionals. More than 330,000 ASE-certified automobile, truck, and collision repair technicians, and parts specialists work in dealerships, independent shops, service stations, auto parts stores, fleets, schools, and colleges across the nation.
